

Fix 0.5 + Maxi 1.0

Powerful hand sprayers

Robust tank, transparent white, 0.5 or 1.0 litre

- Filling level indicator

Powerful nickel plated brass piston pump giving up to 12 bar pressure

- Pump easily dismantled – for easy and quick service

Ergonomically shaped handle

Good stability due to tank design

Tank design for easy grip

- For simple opening and closing

Large filling aperture

- For fast filling, emptying and cleaning

Clear graduation marks

- Simplifies filling and mixing

Chemical resistant viton gaskets

- Especially suitable for products with a higher viscosity and for oil based products

Special nozzle Ø 0.8 mm with whirl pin for a fine spray pattern

- Removing the whirl pin will give a solid jeth

Nozzles for finer spray pattern or higher volumes are optional extras

Applications

Automotive-, engineering and metal coating industries, for cleaning chassis, sealing engines, maintenance of tools, protection against corrosion, treatment of surfaces. Cleaning industry for floor maintenance and cleaning of gym halls, hospitals, offices with laminated, wooden and ceramic floors. Especially suitable for oil and wax based products, for silicon removers and degreasing agents.

Product	Fix 0.5	Maxi 1.0
Article number	11811001	11811101
Accessories		
Special nozzle with whirl pin Ø 0.5 mm (reduce troplet size)	11814101-SB	
Special nozzle with whirl pin Ø 1.2 mm (increase troplet size and volume)	11814201-SB	

Technical datas		
Tank material	PE transparent, white	
Gaskets	Viton	
Pump	Nickel plated brass	
Type of nozzle	Nickel plated brass mist-nozzle	
Weight (empty)	0.21 kg	0.31 kg
Dimensions	H 180 mm, Ø 120 mm	H 250 mm, Ø 120 mm
Tank capacity	0.5 liter	1.0 liter
Max. operating pressure	12 bar	12 bar
Max. operating temperature	50°	50°
Min. operating temperature	5°C	5°C
Chemical resistance		
Especially suitable for mineral oil based products, solvents, separating agents, wax products, emulsions and higher viscosity products.
