

Swiss quality for the professional

All around the car for each application: The best sprayers and foaming units

Made in Switzerland

Fast and efficient working with chemical resistant Birchmeier spraying, foaming and dosing units

The correct colour for your application. From a light 0.5 liter trigger sprayer with 360° function up to the robust, solid 100 liters stainless steel sprayer with a compressed air valve. Ideal for cleaning of rims, upholstered seats, windows and car engines, removing of insects, pre-cleaning, etc.. For each chemical and application the suitable Birchmeier equipment for the professional automotive in- and outside cleaning.

Hand sprayers

- Universally applicable, flexible use including 360° function
- Fine spray thanks high piston pression and high end nozzle
- Good stability and well in hand

Compression sprayers

- Powerful pump, large filling opening
- Selected nozzle for specific application
- Fine spray thanks high operation pressure
- Long spraying time due to a large compression volume

Compression foaming units

- Hand pump and compressed air valve
- Up to 6 bar pressure for an optimal foam
- Suitable foam consistency for each application
- Swifel fan foam nozzle

Stainless steel compression sprayers

- Robust stainless steel tanks from 5 to 100 liters capacity
- Separate filling opening for an easy filling and emptying
- Up to 6 bar pressure for an optimal spray output and spray pattern
